Fastback® 9 - Impress. Influence. Inspire.

Elevate your documents and proposals.

In this environment, it's essential to present your work at its best. Fastback® 9 offers four types of bindings: Strip, Halfback™, Perfectback™ and Hardcover. Whether you own a small company that is looking for a low-cost method of binding documents, or you work for a large corporation that wants a way to brand its work, the Fastback® 9 is an excellent choice for all your binding needs. For a new level of binding customization, the Powis Image Strip allows you to promote your brand, enhance your image, and ensure that each prospectus, manual, case study and report you produce is a cut above the competition. Interested in creating a strong bind using coated or glossy papers? You can turn your Fastback® 9 into a photo book binder with the complete Studio Photobook™ System.

One Touch Function

Company Branding

How to bind a book with the Fastback® 9

1.

Fold the strip between the two adhesive channels and place it in the Fastback 9 binding slot.

2.

Place book content on top of the folded strip with the back cover facing toward you. Press the green button to bind.

3.

After the book is bound, place it in the cooling rack for a few minutes. That's all there is to it!
